

To Whom It May Concern:

In the last twelve months our family business group has undergone significant generational change and with this came the need for professional external assistance. Our accountants Pitcher Partners introduced us to Neil Slonim who has considerable experience with family groups like ours. He quickly gained the trust and respect of the Board and Senior Management.

Whilst his knowledge of banking and finance has been most helpful, the Board and individual members have come to rely on and appreciate his insights and wise counsel in issues such as governance, risk and succession planning.

We are delighted to have Neil Slonim as an Advisor to the Pulitano Group.

Regards,

Domenic J Pulitano
Chairman / Director | Pulitano Group
